Dear Parents / Carers,

Re: OFSTED Inspection Report

As a school, our vision is to help the children who attend Holy Trinity to become the best that they can be emotionally, socially and academically. To achieve this, we have been improving our curriculum to meet the needs of our children and support their learning.

During the OFSTED inspection, we were open and honest with the inspectors sharing both our strengths and the areas that we are currently developing. They agreed with us and recognised many strengths including that we have *'a warm and nurturing environment and pupils are happy to attend'*; that we are *'ambitious for pupils'* and that *'staff create warm and positive climates for learning in classrooms. This helps pupils to develop their confidence and to try their best'*.

The inspectors also recognised that *'most pupils behave well. They understand the importance of kindness and they show respect towards each other and to teachers. Pupils are well supported to recognise and regulate their own emotions'*.

They also recognised the areas that we are still developing; these are reflected in the report. At this point in time, as our journey is yet not completed, OFSTED judged our school to be *'requires improvement'*. As a school, we are disappointed with this overall grading but are determined that we will continue to make progress in the areas that we had already identified.

You can access the report in full using this link <https://holytrinitycofe.secure-primariesite.net/ofsted-and-performance-data/>

I want to thank all of you for the support that you continue to give school and look forward to working with you in the year ahead.

If you have any questions about the report specifically, please ask.

Best wishes,

L Fenlon
